# E-TIPPER

Fold-down sides feature an over center design for smooth operation

The evolutionary **E-Tipper** from Crysteel combines good looks and durability with superior design. Providing versatility and high-level functionality, the E-Tipper features sculpted front and rear pillars, as well as one-piece seamless sides. Plus, Crysteel's E-Tipper offers a wide range of customizable options and features to fit your needs!

- Constructed of Hi-Tensile A1011 steel
- 10 gauge floor and double panel tailgate on bodies with rigid sides
- 7 gauge floor with trapezoidal crossmemberless understructure on bodies with fold-down sides
- 10 gauge floor with interlocking understructure available on bodies with fold-down sides
- 12 gauge smooth single wall sides; **fold-down sides** feature a spring loaded single-lever
- Pockets for 6" side boards increase load capacity
- Available trapezoidal crossmemberless understructure or interlocking understructure
- Integral cabshield with plasma cut window
- Full height corner posts with radius corner pillars
- Single-lever Quick-Drop double acting tailgate equipped with spreader chains and chain slot brackets on corner posts
- Integrated tarp receivers
- Many options available to customize for your application and style

**Quick-Drop Tailgate provides a single point of access.**

## Lo-Boy Hoists

Time-tested and field-proven Lo-Boy hoists include a full-length subframe for added strength. Each model is specifically designed to fit between the body longbeams for lower mounting heights and a lower center of gravity.
